Program Purpose

The Delaware Summer Chinese LInCS program is designed to help students develop as tomorrow's global leaders by providing opportunities to connect Chinese language and cultural awareness with understanding of science, technology, engineering and mathematics (STEM). Language skills and STEM knowledge are crucial skills to thrive in a 21st century, international work place.

WXP Campus Rules

5.1 Points to Note

Name Badge: Please wear your name badge when attending scheduled activities. The badge serves as proof of your identity for the purpose of obtaining services and admission to activities and events.

Gambling and Use of Drugs are strictly prohibited. These are criminal offenses and are severely punished by laws. Once convicted for the use, possession or transport of drugs, penalty is often by capital punishment (death).

Smoking is prohibited by law in the campus.

Visitor of opposite gender in your hotel room is prohibited after 10 PM unless a legitimate and registered hotel guest in the same room.

Be considerate – be punctual and please do not use your mobile phone when attending seminars and scheduled visits.

Safety and security: For your safety and security, please inform your Group's General Coordinator or staff at secretariat if you need to leave the campus for activity not included in your Group's schedule. If you have a mobile phone, please let them have the number.

Money Exchange: Do not do money exchange in unauthorized outlets or you will risk being cheated or getting counterfeits. Contact your General Coordinate or Secretariat if you need money exchange service.

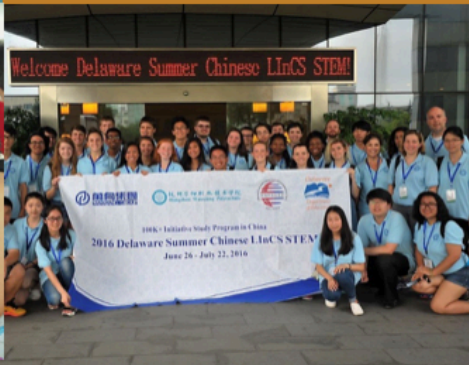

Secretariat and information service: For information and various types of services during office hour on weekdays, please contact the Secretariat for your Study Group located at Room 7208 on the 2nd floor of Building No. 7, or call+86/571/87222270.

Health Information

Vaccinations (recommended, not required)

Hepatitis A

CDC recommends this vaccine because you can get hepatitis A through contaminated **food or water** in China, regardless of where you are eating or staying.

Typhoid

You can get typhoid through contaminated **food or water** in China. Typhoid vaccine is only 50%-80% effective, so you should still be careful about what you eat and drink.

Your doctor can help you decide which vaccine is right for you.

Centers for Disease Control and Prevention

CDC 24/7: Saving Lives, Protecting People™

Illness Prevention

- Eat and drink safely
- Practice hygiene and cleanliness
- Use mosquito repellent
- Avoid contact with stray animals
